

Getting Started in Second life

Step 1:

Visit the website at <http://www.secondlife.com> and look for the “Sign Up Now” button on the top left of the page. Click and proceed to next step.

Step 2:

Complete the required information using the easy to follow instructions on screen. Once complete, click “Continue”.

Step 3:

Take a couple minutes to choose the way your avatar will look inside Second Life. Remember that you can easily obtain different clothing, shoes, etc. to change your look once in the game through either free vendors or by purchasing new items with the in-game currency. Otherwise, click “Skip this step” and decide later.

Step 4:

Fill out the required forms and agree to the Terms of Service. Once complete, click "Submit". Shortly after you have submitted your information, you will receive an email from Second Life asking you to active your account. To do this, simply click the link included in the email. You will be redirected to the download page.

Step 5:

Choose the Second Life Installer that fits your operating system. Download the file to safe location on your computer and begin installation once download is complete!

Step 6:

Login using your registered Avatar name and password. You will be placed on Orientation Island. Here you will be able to get a feel for Second Life, learn how to move around and function within the world, and even grab some free items! Once you feel comfortable, you will be able to leave Orientation Island and experience Second Life for yourself.
