Other Matters of Interest:

For the Observer --- Article regarding our Case for Peace event (happened 2 weeks back). Shine some lights on us. Big issue and most of the community didn't care (DAMN you Case students!! CARE about the rest of the world! Don't make Tony made). We did get a

good turnout though but a lot of people didn't care... especially at the beginning. (we need to wait until there is a draft and then do it again). TONY should write it! For the Athenian, at the least. Daniel expressed interest in writing an editorial.

Mass Funding needs to be done – ideas for next semester:

Annual Benefit Dinner

Pizza Party

Anything else...?

Bumper stickers (instead of postcards) – unless they put it on campus property and we get find.

Chalk money (\$30)

Letter-writing party – food.

Disco-party...?

Camping on the oval – rent a \$1000 traveling tent. Can't do until April. So we could get funding for it even if we decide not to do it...

Elections--- (calendar year chair position- 2008)

→ Talk to us if you want to learn more about the positions.

Need to write a letter of intent and give a speech for the election. It is very important, even if you run against no one else. Elections in 2 weeks? Sound good? Yes! Okay.

Any other new events?

Creepy email. No one was interested.
