JERSEY UPDATE

We are still waiting for the final revised design (minor logo alterations) to return from Primal and then will place the order for the jerseys soon after. If you know of anyone who is interested in a jersey, please let them know. In addition, if you are a member of another cycling group, feel free to let the other members know of this jersey opportunity (in case there are Case alums out there who are interested). We still have room for more orders.

Club T-shirts We'll be ordering these shortly as well; prices will be pretty cheap.

Vice President Reports:

Mountain/Off-road

- A trip to Ray's MTB Indoor Park (<http://www.raysmtb.com/>) is in the works for the near future. We'll keep you updated on the details via email and through the website.
- Outdoor mountain biking is primarily on hold until the ground dries a bit.

Recreation – (Rowdy)

- We're still brainstorming a destination for the spring rec. trip. The trip will be Friday April 13 and Saturday April 14th (possibly Sunday morning, too, for transportation). Some ideas so far have been Zanesville, Coshocton, Ashtabula, the Hocking Hills area, Presque Isle, and Gettysburg. If you have any other destination thoughts, please share.
- We plan on staying in hotel rooms rather than camping.

Road – (Nick)

- The collegiate season begins soon! The first weekend of races is the last weekend of February at OSU (two races). From then on there are races every weekend. Check the website for more information.

Other Business

- Spinning sessions

- We're thinking about moving the Thursday spinning session to early Friday evening (around 5pm). Please let us know if this would be a better time

than the current Thursday 11:30am slot. In addition, the Saturday 11:30am time is subject to change to Sunday as a result (spinning 2 days in a row... maybe not the best idea...)

- The Spring Bike Tune-Up

- We've set a tentative date for March 31, as it will not conflict with the rec. trip, Greek Week, or Spring Break.

- Membership forms due ASAP with \$10 dues!

-Affiliation with the Ohio City Bike Co-Op (<http://www.ohiocitycycles.org/>) and access to the Co-Op's classes and tools.
